

# OSFG

Workgroup Number	OSFG
Workgroup Name	Open Source Focus Group
Workgroup Charter	<p>The O-RAN Open Source Focus Group (OSFG) is a Focus Group under O-RAN TSC (Technical Steering Committee). OSFG facilitates collaboration between open-source communities and the O-RAN ALLIANCE with the goal of accelerating the development of robust specifications and adoption of O-RAN in the marketplace.</p> <p>In order to accomplish this, OSFG will:</p> <ol style="list-style-type: none"><li>1. Define open-source strategies for the O-RAN ALLIANCE</li><li>2. Engage directly with open-source communities to help align open-source implementations with current as well as emerging O-RAN architecture and specifications</li><li>3. Facilitate feedback from open-source communities to O-RAN ALLIANCE WGs/FGs regarding published and draft specifications</li><li>4. Motivate open-source awareness within O-RAN ALLIANCE WGs/FGs and encourage open-source community engagement</li><li>5. Encourage open-source communities to implement O-RAN ALLIANCE use cases</li></ol>
Workgroup Co-chairs	EURECOM (EUC): Irfan Ghauri
